

## **Anything is Possible**

(Words and Music by Mark Wesling)

Turtles jumping hurdles  
Is a crazy sort of thought  
Beagles chasing eagles  
Is what it's all about

(Chorus)

You can do anything  
You put your mind to  
It's all up to you  
Because  
Everything's possible to do  
Everything's possible for you  
If you give it a try and practice everyday  
Then you can do it, too

Fishes doing dishes  
Is a funny idea  
Kittens knitting mittens  
It could happen for real

(C)

Parrots juggling carrots  
If they practice all the time  
Seals doing cartwheels  
Knowing everything is fine

(C)

Everything's possible to do  
Everything's possible for you  
If you give it a try and practice everyday  
Then you can do it, too
