

Reason to Sing

(Words and Music by Mark Wesling)

(Chorus)

School is an important thing
Learning is everything
We have so much to bring
And you are a reason to sing

Each morning we get up to see
There are so many opportunities
We learn reading and writing
Art, music and poetry

And our parents are so nice
They come to school each day twice
They always seem so wise
It's because of school I realize

And though we might be trouble
We can really be quite lovable
When we're not popping others' bubbles
Or being so gullible

And the teachers are so cool
They could all be out by the pool
But they love to be in school
'Cause learning really rules
(C – two times)
