

## **The Time Goes by So Fast**

(Words and Music by Mark Wesling)

A few more minutes, I must sleep  
I won't make a sound, not even a peep  
I spent all last night counting sheep  
In this bed if I could only keep

(Chorus)

Whenever you're having fun  
The time goes by so fast  
It seems like the good times never last

This water slide lasts 60 seconds  
Once I get going, it's over and done  
I get back up and start to run  
To go down again because it's so fun

(C)

My ice cream started to melt  
Much too quick, I really felt  
A few more minutes would've been swell  
If it had lasted longer, Oh well

(C)

Summer is only three months long  
The date it's over must be wrong  
Goodbye summer, so long  
Summer break was a 3-minute song

(C – two times)
