

I Like Fish

(Words and Music by Mark Wesling and Dana A. Zbozien)

(Chorus)

I like fish and fish like me
We swim in the ocean like a family
And if you like fish, well, you can swim here, too
'Cause if you like fish, then they'll like you, too

My brother likes eels, Ewww! I don't know why
But when they shock me, I can't help but cry
I saw the whale, it was as big as a house
And when it swam by me, I looked like a mouse

I bumped into a jellyfish
And it looked like a pillow, but I could only wish
But it didn't quite feel like a pillow to me
Oh, no, sir, re, no, sir, re
But it wasn't her fault, no, it's just the way she is
Then maybe it's the way she says, "Howdy come on in"
The water is fine, all the time
If you play nice
If you play nice

Now listen

I once had a dog and he liked the shore
But he doesn't like to go there anymore
Because, see, one day, well, he got mad
And he decided to wrestle an angry crab
But he didn't expect, that crab to grab
His nose and make it sore
Come on, his nose and make it sore
One more now, his nose and make it sore

(After last chorus)

Yeah, they'll like you too, Yeah
